About Applied Intelligence Consulting

We help clients imagine, create and implement more efficient systems to improve their business operations, processes and people. We help clients think strategically about how their business is operating, how employees are performing and ultimately how customers are responding. We objectively help our clients identify and prioritize opportunities for operational efficiency and partner with them to define, document and implement an operational plan, key business processes and employee training programs. A well-defined business system results in greater customer value, more efficient resource utilization, higher quality products and services, accelerated time to market and a strengthened bottom line.
